

Lura Libby School and Cushing Community School Bike Safety Presentation

Bicycle Coalition of Maine

On Monday, April 30th, and Tuesday, May 1st, Joel Fishman of the Bicycle Coalition of Maine visited our schools. Mr. Fishman did a bike safety presentation for all third and fourth grade students. The presentation proved to be both informative and interactive. Students learned about the "eyes, ears, and mouth test" that determines proper helmet fitting, how to conduct the "A, B, C - quick check" on their bike, and were encouraged to be responsible "bike drivers."

The Bicycle Coalition of Maine is sponsored by Maine D.O.T. For more information, go to www.BikeMaine.org.
